CORPORATE EMPLOYEE HEALTH PROGRAMS

CANCER SCREENING SERVICES

Low-cost cancer screening examinations and tests are offered for men and women onsite at your business. The Clinic's cancer screening process provides education about cancer as well as a head-to-toe physical examination by a certified nurse practitioner. An important objective during this examination is to educate the client about cancer, how to detect it, and how to adopt a healthy lifestyle that will reduce the risks of developing cancer. The cost for these services may be underwritten entirely by the company or shared with the employee.

Cancer screening examination	\$25.00	Skin cancer examination	\$10.00
PSA test	\$25.00	Clinical breast examination	\$10.00
Prostate exam	\$25.00	Hemoccult test	\$1.00

MOBILE MAMMOGRAPHY SERVICES

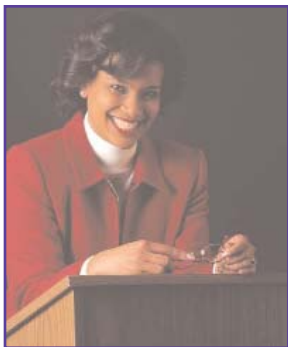

The Clinic offers the latest in imaging technology for stationary and mobile mammography systems. The mobile unit provides optimal patient comfort during the mammography exam and displays the best image quality currently available. The mobile unit can easily be taken into wheelchair accessible buildings. Charge is billed to the employee's insurance plan.

Mammogram \$80.00

HEALTH AWARENESS WORKSHOPS

Educational presentations are offered on a variety of topics at no charge, however, a donation is gratefully accepted. Other presentations tailored to your specific needs are available upon request.
